

## LED High Temperature High Bay UFO 65 °C

The Zolu Lighting High-Temperature High Bay UFO is a uniquely designed luminaire for industrial or warehousing spaces with high ambient operating temperatures up to 65°C. The fixture's advanced thermal management system allows for rapid heat dissipation ensuring long life up to 50,000hrs with minimal lumen depreciation and longtime maintenance intervals. An enlarge heat sink, as well as high quality, LED chips to assure a long lifespan and superior durability.

### Features and Benefits

- CE, UL and DLC Certificate
- 5 Year Warranty
- >70Ra CRI
- Specially design for high temperature environments up to 65 °C
- IP65
- 0-10 V dimmable

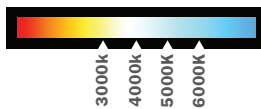

### Dimension

### Applications

- Steel factories
- Paper mills
- Plastic production
- Cement factories

### Color Temperature

### Options

- Aluminum reflector. 60° and 90° beam angle
- Pendant 3/4"NPT installation
- Bracket for wall or ceiling mounting

Aluminum Reflector Available

Aluminum Reflector Available

### Technical Parameters

Product Code	Watts	Lumens	Voltage	Ambient temperature	Life Time	Color Temperature	Dimmable	IP	Beam Angle	Warranty	Certificates
* ZL100WUFO6DXXKUL-HT	100W	14000lm	100-277 V	-30+65 °C	50,000 hrs	30-40-50-60k	0-10 V	IP65	110°	5 year	CE / UL / DLC
* ZL150WUFO6DXXKUL-HT	150W	21000lm	100-277 V	-30+65 °C	50,000 hrs	30-40-50-60k	0-10 V	IP65	110°	5 year	CE / UL / DLC
* ZL200WUFO6DXXKUL-HT	200W	28000lm	100-277 V	-30+65 °C	50,000 hrs	30-40-50-60k	0-10 V	IP65	110°	5 year	CE / UL / DLC
* ZL260WUFO6DXXKUL-HT	260W	36400lm	100-277 V	-30+65 °C	50,000 hrs	30-40-50-60k	0-10 V	IP65	110°	5 year	CE / UL / DLC

- NOTE: XX denote the color temperature when is XX=30-40-50-60, stands for 3000k-4000k-5000k-6000k
- NOTE: \* Special product available upon request

Warranty based on 12 hours daily use
