

Designed to add an upscale look to any outdoor landscape, these LED lights emit 118 lumens of warm white illumination and consume just one watt of power. Adds many new avenues for featuring accents and landscape, extending lighting layers and depth, and developing the atmospheres of different spaces. Step lights, installed directly into the steps around the space, are a great way to improve your home's curb appeal, visibility and safety while preventing trips and falls, without a whole lot of hardware.

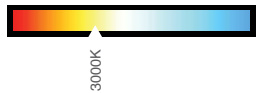

LED Modern Step Light 12-24V

Features and benefits

- ZOLU Lighting quality and reliability
- For indoor and outdoor wet applications
- Excellent illumination
- Simple to install
- High quality components
- Dimmable
- Quick connection system
- 50,000Hrs lifespan

Applications

- Pathway, garden, walkway, plinth
- Landscape lighting desing

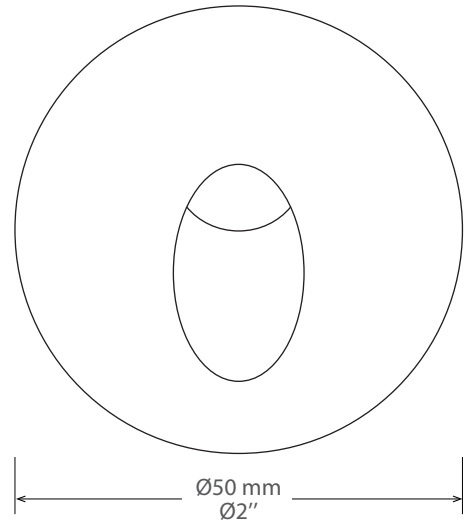

ZL1WSLRD30KETL-WH
White finish (WH)
12-24V DC

ZL1WSLRD30KETL-BK
Black finish (BK)
12-24V DC

ZL1WSLRD30KETL-BN
Brushed Nickel finish (BN)
12V DC

Technical specifications

Product code	Power	Light output	Finish color	Voltage
ZL1WSLRD30KETL-WH	1W	118lm	White (WH)	12-24V DC
ZL1WSLRD30KETL-BK	1W	118lm	Black (BK)	12-24V DC
ZL1WSLRD30KETL-BN	1W	118lm	Brushed Nickel (BN)	12V DC

• NOTE: Driver NOT included. Sold separately.

Main voltage	12-24V DC (12V DC for Brushed Nickel Model)
Efficiency	118lm/W
CCT	3000K
Size	Ø50mm / Ø2"
Cutout size	Ø40mm / Ø1 1/2"
IP rating	IP65
Dimmable	Yes
Finishes	White / Black / Brushed Nickel
Certificates	ETL / RoHS / CE
Warranty	2 Year
