

This high-performance G9 LED bulb is the ideal energy-saving replacement for JCD halogen light bulbs. It produces the same light output as halogen 15 watt light bulbs, but uses only 2.5 watts of energy. Perfect for use in accent lighting, chandeliers, vanity fixtures, or as under-cabinet light bulbs. High color rendering index (CRI=90) helps you see the true colors.

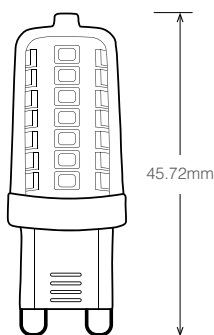

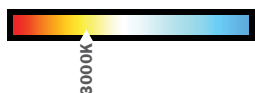

LED G9 Bulb

Features and benefits

- Zolu Lighting quality and reliability
- Instant energy savings over traditional incandescent lamps
- 25,000hrs lifespan
- minimizes replacement and maintenance costs
- Working temperature: -20°C~+40°C
- Dimmable

Applications

- Accent lights
- Desk, pendants and chandeliers lamps
- Under cabinet lighting
- Bath and ceiling fixtures

Technical specifications

Product code	Power	Light output	Base	Dimensions
ZL2G9D2530K	2.5W	200lm	G9	Ø17.5x45.72mm

Main voltage	AC120V 50/60Hz
Power factor	>0.9
Efficiency	80lm/W
Dimmable	Yes
CRI	Ra≥90
CCT	3000K
Beam spread	300°
Lamp life	25,000 hours
Certificates	UL / RoHS
Warranty	5 Year
