Product specs

5 YEAR WARRANTY

Designed to highlight detail through the adjustable trim rotation feature, ZOLU Lighting Special Trim fixture combined with LED Modular Spot 5CCT can produce general and accent lighting. In addition, the variety of models and shapes available in a black or white finish and the 5CCT feature of the LED Module that allows to chanche the light color temperature, make it the perfect option to suit the requirements for any lighting project.

LED Modular Spot 5CCT 12W / 18W

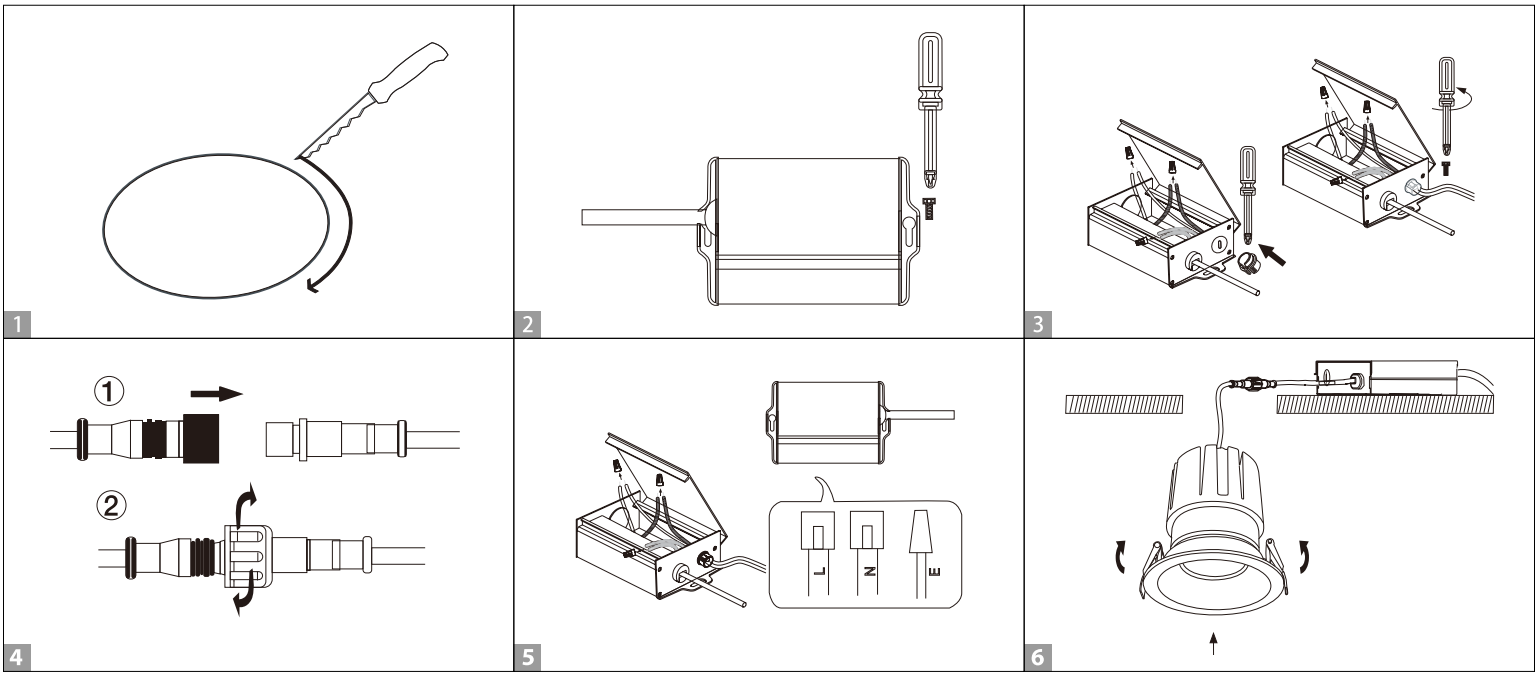

WARNING

1. Read all product labels and directions.
2. Risk of fire or electric shock. LED Modular Spot installation requires knowledge of luminaries electrical system.
3. Use a qualified electrician for installation of this lighting fixture.
4. Before installing the fixture disconnect power by shutting off the circuit breaker or by removing the fuse at the fuse box.
5. All electrical connections must be in accordance with local and National Electrical Code.
6. Do not make or alter any open holes in an enclosure of wiring or electrical components during kit installation
7. Intended for mounting in an indoor application only. Suitable for damp locations.
8. Switch ON only after complete installation and examination of the circuit.

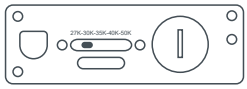

Turn OFF power supply before starting any installation or maintenance.
Read instructions and check you have all the tools and accessories to complete the installation correctly.

Recessed Mounted installation

- NOTE: To change the color temperature, first, turn off the fixture before moving the switch. NOT doing this may cause damage to the controller and void the warranty.
